To Whom It May Concern,

I have had the distinct pleasure of having Viktoria Thompson in my Public Speaking and Interpersonal Communication courses at Lamar State College Port Arthur. Viktoria is an exceptional student. In order to achieve the highest grade in my class, she demonstrated an outstanding work ethic. She has been highly organized and always prepared.

The Public Speaking class is a core course at Lamar State College Port Arthur and Viktoria exhibited excellent communication skills. This class required delivering 4 speeches, extensive research into each speech and persuasive skills. As her professor, I had the opportunity to observe her participation and interaction in class and to evaluate her on her understanding of basic communication skills and her delivery of speeches. The Interpersonal Communication course requires thoughtful reflection on theory and communication concepts. Viktoria produced thoughtful and thorough responses, papers and research.

Viktoria earned superior grades in my class on all work completed. Based on her grades, attendance and class participation, I would rate her overall performance and understanding as Excellent.

As part of our class, students are required to work in groups to present a well-planned and thought out presentation. Viktoria was an integral part of this collaboration. I observed that she works well with others and has high standards for quality work.

Additionally, I know that Viktoria is a member of several honor societies, received scholarships for her academic success and involves herself in many community volunteer organizations. She has also held part time and full time jobs while in school which shows her work ethic and commitment to success.

In Conclusion, I would highly recommend Viktoria for any program, scholarship or position. If her performance in my class is any indication of how she will succeed, Viktoria will be a positive addition to your program or organization.
